DECEMBER 2023

1.0 INTRODUCTION

This Handbook has been prepared to provide guidance to trainers and candidates preparing for the Board's examinations in the Professional Examination Scheme leading to the award of Accounting Technician Certificate qualification. The handbook should be read in conjunction with the NBAA Examination and Training Bylaws.

The handbook shows the examination structure and subject relationship/progression as one moves from one level to another. Details concerning candidacy registration, exemption requests, examination entry and training requirements are provided to enable a prospective candidate to easily follow the requirements when applying for candidacy registration and/or requesting for exemption.

For candidates transferring from the phased-out syllabus to the new syllabus, a detailed conversion scheme has been provided to guide the candidate on what papers he/she would be eligible to attempt. The handbook further prescribes the syllabus to be followed in preparation for the examinations. Under each subject area the following items are indicated:

Contact Hours: It is the expected duration that a candidate should spend in direct contact with a tutor or lecturer to sufficiently cover the subject matter.

Subject Descriptions: This provides an overview of the subject matter on what this subject entails to cover.

Aims and Objectives: These broadly show the aims and objectives of the subject matter.

Pre-requisite subject: this shows the lower subject which determines the understanding of the corresponding higher-level subject.

Learning Outcomes: These are the expected outputs in the course of learning showing the knowledge and skills that are expected to be imparted to candidates on completion of the course.

Teaching and Learning Strategies: These are the expected inputs in the course of learning

Contents: These show descriptions of areas to be covered in the subject matter.

Time Allocation: It provides guidance on the number of hours to be spent in covering a topic in the subject area.

References: This provides the recommended reading material to be used in the course of learning where main reading is the study guide that has been prepared carefully to cover the whole syllabus for each subject area.

2.0 ABOUT NBAA

The National Board of Accountants and Auditors (NBAA) was established in 1972 by authority of the Auditors and Accountants (Registration) Act, Cap 286, to among other things, promote and provide opportunities and facilities for the study of, and training in accountancy, auditing and allied subjects. In executing such responsibilities, the Board conducts accountancy examinations twice in a year.

3.0 THE EXAMINATIONS

The Board administers a two-tier examination scheme in the following categories

- (i) Accounting Technician examination scheme
- (ii) Professional examination scheme

These examinations are conducted semi-annually during the months of May and November each year.

The Accounting Technician examination scheme consists of two levels covering the following subjects:

ACCOUNTING TECHNICIAN LEVEL I

Code	Subject Name
-------------	---------------------

T01	<i>Bookkeeping and Accounts</i>
T02	<i>Elements of Business Mathematics and Statistics</i>
T03	<i>Introduction to Information and Communication Technology</i>
T04	<i>Business Communication Skills</i>

ACCOUNTING TECHNICIAN LEVEL II

T05	<i>Principles of Accounting and Auditing</i>
T06	<i>Principles of Cost Accounting</i>
T07	<i>Elements of Commercial Knowledge and Taxation</i>
T08	<i>Accounting for Public Sector and Cooperatives</i>

The Professional Examination Scheme consists of three levels as follows

Code	Subject Name
-------------	---------------------

FOUNDATION Level (Knowledge and Skills Level)

A01	<i>Quantitative Techniques</i>
A02	<i>Business and Management</i>
A03	<i>Financial Accounting</i>
A04	<i>Cost Accounting</i>
A05	<i>Business Law</i>
A06	<i>Business Economics</i>

INTERMEDIATE LEVEL
(Skills and Analysis Level)

B01	<i>Financial Management</i>
B02	<i>Financial Reporting</i>
B03	<i>Auditing Principles and Practice</i>
B04	<i>Public Finance and Taxation</i>
B05	<i>Performance Management</i>
B06	<i>Management, Governance and Ethics</i>

FINAL LEVEL
(Professional Analysis, Application and Evaluation Level)

C01	<i>Corporate Reporting</i>
C02	<i>Auditing and Assurance Services</i>
C03	<i>International Finance</i>
C04	<i>Advanced Taxation</i>

All the subjects above are assessed using paper-based examinations of three hours duration.

4.0 MINIMUM ENTRY REQUIREMENTS FOR ATEC EXAMINATIONS

(a) Accounting Technician I Examinations:

A prospective candidate seeking to register for the Accounting Technician examinations must show evidence of being a holder of any one of the following qualifications:

- (i) Certificate of Secondary Education Examination (CSEE) with at least three credit passes and a pass grade in Mathematics and English Language OR
- (ii) National Business Examinations NABE Stage I & II with at least four passes plus a Certificate of Secondary Education OR

- (iii) Advanced Certificate of Secondary Education Examination (ACSEE) with at least one principal pass and a subsidiary in relevant subjects OR
- (iv) A one-year certificate from recognized Institution with a pass grade in English and Mathematics at “O” level prior to obtaining such a certificate.
- (v) Such other certificates as may be recognized by the Board from time to time.

(b) Accounting Technician II Examinations:

A prospective candidate seeking to register for the Accounting Technician II examinations must show evidence of being a holder of any one of the following qualifications:

- (i) Completing Accounting Technical Level, I, and required to submit Statement of Success Letter.
- (ii) A two-year diploma not majoring in accounting – NTA Level 6 from a recognized training institution.
- (iii) Holders of Advanced Level Secondary Education who have pursued Economics, Commerce and Accountancy or other commercial biased combinations (with at least one principal and a subsidiary at A-level Secondary Education and a pass in Mathematics and English Language at O-level Secondary Education)
- (iv) Holders of Certificate of Accounting (NTA Level 4) with pass grades in Mathematics and English in O-level examinations.

5.0 RECOGNITION OF QUALIFICATIONS FOR PURPOSES OF EXEMPTION

A qualification shall be eligible for an exemption only if that exemption is claimed within five years after being obtained. Any qualification obtained within or outside the country which is lodged after the stated period shall not be considered for exemption from parts of the Board's examinations. Such a qualification will have to start at the first level of the professional examination i.e. Foundation level/ATEC II level.

6.0 CANDIDACY REGISTRATION AND EXAMINATION ENTRY

Prospective candidates wishing to register with the Board are required to observe the following registration procedures:

6.1 PROCEDURES FOR CANDIDACY REGISTRATION

- (a) The NBAA examination calendar provides for Two examination diets in a year. The examinations are normally held during the months of May and November.
- (b) Prospective candidates wishing to write an examination at the May sitting or November sitting must register their candidacy with the Board using the online system available on the Board's website. The specific dates for these sittings will be announced by the Board and Candidates must complete their registrations before stipulated deadlines filling out the online applications forms which is available in NBAA website(www.nbaa.go.tz) then, on the menu tabs click button "MEMS" then click "Usajili" OR "Registration"
- (c) The duly completed online application form with all necessary prerequisites, listed under para (d) below, should be submitted on or before the prescribed dates by the Board. An application for candidacy registration received after the closing date shall be liable for penalty fee as indicated in the online application system.

- (d) The duly filled Candidacy Registration should be submitted with the following attachments:
- (i) Upload a recently taken passport size photograph (coloured) taken on **white or light blue background size 2x2 inches in size** (showing a full face with two ears of the applicant).
 - (ii) Photocopies of all certificates relevant to the application, authenticated by a Magistrate, Notary Public or by the Executive Director of the Board.
 - (iii) Photocopies of academic and professional certificates duly certified by Magistrate, Notary Public or by the Executive Director of the Board.
 - (iv) Applicable Registration and/or Exemption and Subscription Fee.
- (e) As evidence of registration as a candidate, the Board shall issue an “Identity Card” to every registered candidate. The Identity Card bears the candidate’s registration number (CR. No.), the number which will be the permanent examination reference number for purposes of all communication with the NBAA.

The identify card shall be required for admission requirements to the examination hall. It is important, therefore, for a candidate to preserve it securely and produce it when needed during the examinations.

- (d) No change of names by the prospective candidate shall allowed at the time of registration. Prospective candidates shall use the names appearing on the certificates which qualified the prospective candidate for admission.

6.2 EXAMINATION ENTRY PROCEDURES

- (a) Applications to write the examinations must be made online the prescribed form which is available in the online application system. An applicant must, prior to application to examination entry, must be a registered candidate i.e. has already filled and submitted to the Board the online Candidacy Registration form.
- (b) Application dates for May and November examination will be announced by the board from time to time.
- (c) A candidate shall be admitted to sit for the Board's examinations at any one of its levels subject to the regulations applicable to that examination, provided that:
 - (i) The candidate possesses the qualifications prescribed as the minimum necessary to sit that particular level of examination.
 - (ii) The application is made on the prescribed online form, the form which is available from Board's online application system.

The duly filled online form is submitted on or before the prescribed closing date and is accompanied by appropriate examination entry fees.

Late applications are liable for penalty fee as indicated in the examination entry form
 - (iii) The candidate has met the minimum training requirements provided by approved Tuition Provider, and the online examination application form has been endorsed by the tuition provider certifying that the candidate is ready to sit for the examinations.

- (a) The candidate must indicate in the online examination application form, an examination centre preferred to take the examinations. The Centres currently approved by the Board are available for selection in the online application form. Examinations are conducted in as many centres in the country as the Board may determine from time to time.
- (b) Change of examination centre shall be allowed if lodged in writing at least one month before the date the examination is to commence. Late requests for change of centre shall not be entertained.
- (c) The candidate once accepted to take the examinations shall later receive an Examination Admission letter, containing the examination time table specifying the centre at which the candidate shall write the examination. Detailed instructions to examination candidates shall be enclosed and should be read carefully. The Admission Docket shall be available in the candidates' account (MEMS). An examination candidate will be allowed to enter in the examination room on production of an examination admission letter and NBAA Identity Card.

6.3 ORDER OF TAKING EXAMINATIONS AND EXAMINATIONS COMPLETION PERIOD

A registered candidate is required to observe this requirement while applying to sit for any level of the Board's examinations to take advantage of the options available.

6.3.1 Accounting Technician Level I & II

A candidate is at liberty to choose the number of papers to attempt in these levels and shall be allowed to retain a pass obtained in any subject attempted on scoring a pass grade.

A candidate applying to sit for the Accounting Technician Level I examinations shall be required to pass all the papers in that level before being allowed to move to the Accounting Technician Level II.

6.3.2 Duration of retaining passed papers:

A candidate shall be given a maximum of six years to complete the passed examination papers in a level, failure of which the passes of the previously passed papers shall be withdrawn and a candidate shall have to re-sit all the papers in that level.

6.3.3 Maximum Time Limit to Complete a level

A candidate shall be given a maximum of six years to complete a level before being automatically deregistered.

6.4 EXAMINATION POSTPONEMENT

6.4.1 Postponement within Acceptable dates

A candidate wishing to withdraw from an examination, may do so in writing and is required to lodge the application to reach the Board on or before 31st March – for the May examinations and 30th September for the November examination. In such cases, full fee shall be carried forward to the immediate next examination session. A candidate shall, however, be required to fill a fresh examination entry form and submit it before the normal closing date of receiving the application to examination entry.

6.4.2 Postponement after the acceptable dates
Application to postpone the examinations received after the acceptable dates i.e., after 15th February for May examinations and 15th August for November shall not be entertained. In such situations, a candidate shall be required to pay afresh all the applicable fees.

6.4.3 Postponement due to Ill-health (medically unfit).

6.4.3.1 A candidate falling sick during the examination week may lodge an application to postpone from an examination in writing. The application should be supported by a valid medical report from the registered practitioner to substantiate the claim.

6.4.3.2 Treatment sheets, prescriptions, sick sheets for purposes of validating a postponement claim shall not be considered for this purpose.

6.4.3.3 A candidate whose application for postponement has been accepted by the Board, shall be required to fill a fresh examination entry form applying for the examination the next coming session and lodge it on or before the closing date of receiving the applications.

Half of the fees paid may be carried forward to the next examination session upon application.

6.5 REQUESTS FOR EXEMPTION

(a) Applicants seeking exemptions in parts of the Board's examinations shall indicate such requests in the Candidacy Registration and Exemption form by filling an appropriate section of the form.

- (b) Applications for exemptions should to be finalized before one sits for the subject(s) in an examination level in which exemption is sought and the application for exemption should be lodged at least **two months before the closing date of the examination session** to allow sufficient time for the application to be verified and assessed.
- (c) An applicant shall be required to submit detailed syllabus and transcripts for the programme(s) undertaken showing the subject content details for the subject(s) in which exemption is sought for assessment.

In cases where the institutional program has already been assessed by the Board and exemption to the program granted (this applies to the accounting programmes offered by the institutions of higher learning within the country) then the syllabus need not be attached.

- (d) An application for exemption shall not be considered if an applicant has already attempted any subject in that level.
- (e) The Board shall consider an applicant's request for exemption upon being satisfied that the coverage of the subject(s) being requested for exemption adequately covers at least 80% of the NBAA syllabus.
- (f) In all instances, it is important to show proof that the University or institution awarding that qualification is an accredited institution. Such a proof can be obtained from Tanzania Commission for Universities (TCU) or National Council for Technical Education (NACTVET) as the case may be.
- (g) The application for exemption shall have to be finalized before attempting an examination level for which exemption is sought.

- (h) The exemption sought by an applicant shall be considered on a subject-to-subject basis upon receipt of adequate evidence of the content of the subjects in which exemption is sought.
- (i) No exemption shall be granted at the Intermediate (Skills and Analysis Level) and at the Final Levels (Professional Analysis, Application and Evaluation Level) of the Board's examinations.
- (j) NBAA's candidates transferring from the phased-out examination scheme to the new examination scheme shall enjoy exemptions on the previously passed papers as shall be spelt out in the conversion scheme.

7.0 FEES

An applicant wishing to register and sit for the Board's examinations shall be required to pay appropriate fees upon submission of the online candidacy registration and/or online examination application form.

7.1 Major Types of Fees

There are four major types of fees payable by the applicant to the Board:

- (i) The first type of fee is a **Candidacy Registration Fee** which is payable upon submission of a duly completed Candidacy Registration Form. As evidence of registration, a student shall be given a Candidacy Registration Number (CR. No.) and an identity card bearing that number.
- (ii) The second type of fee is a **Student's Annual Subscription Fee (SASF)** which is payable, by those applicants who are registering with the Board for the first time, upon registration, and thereafter every January of each year. For those

who have already registered themselves as candidates, the fee is payable every year in the month of January. This fee shall be paid annually by every candidate as long as he/she is registered as a candidate with the Board and wishes to remain in the register of candidates. The fee ceases to be payable when one completes the ATEC programme in full or ceases to be registered as a candidate with the Board.

- (iii) The third type of fee is an **Exemption Fee**. This fee shall be payable by those applicants who by virtue of their prior learning, seek exemption on parts of the Board's examinations. This fee shall be submitted along with the application for candidacy registration or once the amount payable has been determined.
- (iv) The fourth type of fee is the **Examination Fee**. This fee shall be payable upon submission of duly filled Examination Entry Form applying for an examination in an examination level.

7.2 Other types of fees that may be payable depending on the candidate's status may include:

- (i) **Penalty Fee**

A candidate who submits an application for candidacy registration and/or examination entry after the closing date of receiving such applications shall be liable for a penalty fee charge which shall be paid along with other applicable fees.

- (ii) **Transcript fee**

Transcript fee shall be charged to a candidate who lodges a request for preparation of transcript. A candidate who applies for a transcript shall also be required to submit two coloured identical passport size photographs.

(iii) **Loss/renewal of ID fee**

A candidate who has lost his/her identity or wants to renew the ID card upon expiry shall be charged such a fee.

(iv) **Search fee**

A candidate who requests for an information which requires for searching of such information shall be required to pay for search fee. Such information may include previous performance records, receipts for payments done to the Board etc.

(v) **Duplicate certificate fee**

A candidate who requests for a copy of his/her certificate shall be required to pay the required fee and submit a police report on loss of such document and copy of public announcement notification.

(vi) **Appeal fee and late lodgement of appeal fee** A candidate who wishes to appeal against examination results or any penalty imposed shall be required to pay for the service accompanied with a lodgement of appeal form. Similarly, a candidate who lodges an appeal after the stipulated period shall be charged late lodgement of appeal fee.

(vii) **Form fee**

Candidate who submits an application for candidacy/examination shall be required to pay fee for the respective form.

The rates for the above fees shall be determined by the Governing Board from time to time.

7.3 Mode of Payment of the fees:

Payments of fees/charges shall be made through NBAA Account as shall be determined by the Board and indicated in the relevant form(s).

8.0 TRAINING OPPORTUNITIES

Although the Board does not directly involve itself in training of candidates preparing to sit for its examinations, it collaborates with training institutions both public and private to ensure that quality training is offered to candidates preparing for the examinations.

Training opportunities is available on either part-time or full-time basis as detailed hereunder:

8.1 Part-time Courses:

Candidates aspiring to sit for the Board's examinations must undertake rigorous training offered by the registered tuition providers before sitting for the examinations. The tuition providers conduct training in different modes depending on the varied choices of the learners. The training can be either done during

the evening and/or on weekends or on day time where candidates in employment may request for full day release from their employers.

The part-time courses have proved to be useful as they provide platforms to exchange knowledge, ask questions and solve problems in group work.

8.2 Full time Courses:

Full-time courses provide structured training schemes resulting into award of certificates, diplomas/higher diplomas or degrees on successful completion of the programme. The institutions which run such programmes follow an approved syllabi which is recognized by the Board and which may result into exemptions on parts of the Board's examinations.

All in all, upon completion of such programmes aspiring candidates must seek registration with the Board as candidates and attend review classes offered by the registered tuition providers before sitting for the examinations.

8.3 Study Aids:

The Board in an endeavour to assist candidates preparing for its examination provides the following:

8.3.1 A specialized reference library:

The Board maintained a specialized library which is stocked with relevant reading materials. The library is at the Mhasibu House Complex. All registered candidates who are up-to-date with their subscriptions are allowed to use the library throughout the year without additional cost. The learning materials stocked at the library provide additional readings to candidates over and above what is in the specialized learning materials developed specifically for each subject areas examined by the Board.

8.3.2 Learning Materials:

The Board has developed specialized learning materials for each subject area which are designed in a manner that candidates can easily grasp and acquire the appropriate knowledge in the area to be examined. The readily available end of chapter questions also help the candidate to build a solid foundation in answering examination questions.

8.3.3 Other facilities and learning resources provided by the Board include:

- a. Questions and Suggested Solutions of previous examinations
- b. Detailed Examiners' and Performance Report
- c. Students' Newsletter

9.0 DECLARATION OF RESULTS

The Committee shall vet and issue provisional results that shall be ratified by the Governing Board. The Governing Board shall approve and declare the examination results when it deems fit and such results shall be communicated to candidates immediately after approval.

Candidates shall be Informed their examination results in their portal from the online application system and general results shall be displayed on the NBAA Public Notice Board and on the website. The result letter to each candidate shall show the performance in each paper by using the following codes:

A	=	Distinction	=	80 – 100%
B	=	Credit	=	70 – 79%
C	=	Pass	=	50 – 69%
F	=	Fail	=	0 – 49%
X	=	Did not attempt (Absent)		
E	=	Exempted		
Q	=	Disqualified		

Candidates shall not be informed of the numerical grades scored in any paper.

10.0 Minimum Pass Mark:

The Board shall determine the minimum pass mark to its examinations. The current pass mark for the Accounting Technician is 50%.

11.0 NBAA AWARDS

The Accounting Technician Certificate

A candidate who has successfully completed the Accounting Technician Level I shall be awarded a Statement of Success Letter while a candidate who has successfully completed Accounting Technician Level II shall be awarded Accounting Technician Certificate.

12.0 TRANSITIONAL ARRANGEMENTS

12.1 Candidates transferring from phased out syllabus to the new syllabus

The Board has in place a system of accommodating candidates transferring from old/phase out syllabus to the new syllabus. A Conversion Scheme has been prepared to take account of candidates who have completed a level/module or those who have been referred in one or two subjects in the phased-out syllabus (May 2008 – May 2014 syllabus) transferring to the new syllabus.

The following categories of candidates' examination status have been considered in the Conversion Scheme

12.1.1 Candidates who passed a level/module
Candidates who had passed a level, now transferring to the new syllabus shall be required to sit for the new subjects that have not been covered in the phased-out syllabus.

12.1.2 Candidates with Referral Status:
Candidates who had referral status, now transferring to new syllabus shall be considered on paper-to-paper basis for all the papers that had not been covered under the new syllabus.

The candidates, however shall be required to observe the progression rule.

12.1.3 Candidates whose referral status was revoked/withdrawn under the phased-out examination
Candidate with that status now transferring to the new syllabus shall be considered on all the papers that had been revoked plus the all-other papers that had not been covered under the new syllabus.

12.1.4 Candidates who had fail status
Candidates who had failed a level/module now transferring to the new syllabus, shall be considered on the basis of current examination status he/she holds.

The table below sets forth the conversion scheme to be applied in determining new entry point to candidates who sat under the current examination scheme and syllabus.

13.0 CONVERSION SCHEME:

The conversion scheme shows how candidates under the existing syllabus will be transferred to the new examination scheme and syllabus.

The conversion scheme aims at ensuring that candidates under the current examination scheme are fairly placed in the new syllabus by considering the papers that have already been passed so that they can get an exemption (a credit) on them.

Such consideration has only been made to those candidates who have either gained a pass in a level/module or have been referred in one or two paper(s) as the case may be.

Candidates who have not earned a referral status or passed i.e. failed candidates in a level/module will have to sit for the corresponding papers under the new examination scheme.

13.1 Accounting Technician Examinations

13.1.1. Accounting Technician Level I

Candidates who have successfully completed ATEC I of the existing syllabus shall be required to sit for T03: Introduction to Information and Communication Technology in ATEC I. This is a new subject introduced in this level.

13.1.2 Accounting Technician Level II

Candidates who have successfully completed ATEC II shall proceed to Foundation Level examinations.

EXAMINATION STRUCTURE AND CONVERSION SCHEME

To assist candidates who transfer from the old examination scheme to the revised examination scheme, a conversion scheme has been worked out (simplified) to show where these candidates fit in the new scheme.

The table below shows the papers to be attempted by the by the candidates shifting from the old scheme to the New Scheme.

Papers in the Current Examination Scheme		Papers in the New Examination Scheme		Subjects to be Attempted to a candidate who has completed a level/module
CODE	SUBJECT NAME	CODE	SUBJECT NAME

14.0 The Five-year Exemption Limit

All the qualifications seeking exemptions from the Board's examinations shall only be considered for exemption if they are presented within five years after being acquired. A lesser exemption – a level lower than what would have been granted would be given to holders who request for exemption after the five-year exemption limit has expired.

15.0 Revised syllabus

According to Examination and Training By-laws 2023 NBAA Examination Scheme is required be reviewed after every five years.

The phased-out Examination Scheme was launched in November 2019. In this case a new Examination Scheme has to be in place in November 2024. Unlike other reviews of the Examination Scheme, this review did not involve major changes. The major work that was done in this review include among other things; the harmonization of the syllabi outlines with learning materials, adding some important topics that were missing in the syllabus outlines, adding some notes that were missing in the learning materials.

Therefore, the number of subjects has been maintained as in the previous ATEC syllabus i.e., four subjects in ATEC I and four subjects in ATEC II.

1.0	SUBJECT CODE AND NAME:	T01: BOOK-KEEPING AND ACCOUNTS
2.0	LEVEL:	ACCOUNTING TECHNICIAN LEVEL I
3.0	PREREQUISITE SUBJECT:	NONE
4.0	CONTACT HOURS:	120

5.0 SUBJECT DESCRIPTION

This is an introduction to the financial accounting subject and assumes candidates have no prior knowledge of the subject. It deals with the recording of business transactions and the preparation of basic financial statements for entities.

6.0 PRINCIPAL LEARNING OUTCOME

Apply knowledge of Book keeping and Accounting for recording, posting business transactions in the book of accounts and preparation of accounting statement in private and public sector accounts.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 Introduction to Bookkeeping and Accounting Learners will be able to:

- a. Describe the terms book-keeping and accounting.
- b. Distinguish between book-keeping and accounting.
- c. Describe field of accounting.
- d. List the accounting concepts and relate each accounting concept with business, covering the following:
 - Business entity
 - Going concern
 - Money measurement
 - Accrual
 - Consistency
 - Duality
 - Matching Concept

- Historical Cost
- Cash basis
- Accounting period
- Materiality
- Prudence / conservatism
- e. Define accounting standards.
- f. State the importance of accounting standards

7.2 Accounting Information

Learners will be able to:

- a. Define accounting information.
- b. Explain the qualities of accounting information.
- c. Identify users of accounting information.
- d. Describe the accounting information needed by different users of financial statements covering the following:
 - Investors
 - Employees
 - Lenders
 - Suppliers and other Creditors
 - Customers
 - Government and its agencies
 - General public

7.3 Regulatory Framework of Accounting in Tanzania

Learners will be able to:

- a. Explain the history of accountancy profession in Tanzania.
- b. Describe the importance of regulation of financial reporting.
- c. Describe requirement/ availability of accounting information for different forms of business organisation.
- d. Identify the role of National Board of Accountants and Auditors (NBAA)
- e. State the role of the International Federation of Accountants (IFAC).
- f. Explain the Professional Code of Conduct issued by NBAA.

7.4 Accounting Equation and Principle of Double Entry **Learners will be able to:**

- a. Define Accounting Equation and explain the Elements of Accounting Equation
- b. Explain the Principle of Double Entry
- c. Identify the effect of changes in elements of accounting equation
- d. State the connection between accounting equation and the application of the double entry book- keeping
- e. State the rules for debit entry and credit entry
- f. Make double entry records in a given set of transactions
- g. Describe the accounting cycle.

7.5 Business Transactions and Source Documents **Learners will be able to:**

- a. Define business transactions
- b. Identify types of business transactions
- c. Mention and explain major source documents in business activities

7.6. Books of Original Entry and Ledger **Learners will be able to:**

- a. Identify types of books of accounts
- b. Explain:
 - Books of original entry
 - Ledger
 - Chart of Accounts
- c. Identify books of original entry and their purposes.

7.7 Record and post accounting transactions **Learners will be able to:**

- a. Record day to day transactions in the books of prime entry
 - Purchase Day Book / Purchase journal
 - Sales Day Book / Sales Journal
 - Return Outward (Purchases Return) Day Book / journal

- Return Inwards (Sales Return) Day Book/ journal
 - Cash payment journal
 - Cash receipt journal
 - Journal proper
- b. Post journal entries to individual accounts in the ledger
- Sales ledger
 - Purchases Ledger
 - General ledger

7.8 Cash Books and Petty Cash

Learners will be able to:

- a. Explain
- Cash Book
 - Two column cash books
 - Three column cash books
 - Petty cash book
- b. Explain the format of a cash book and petty cash book.
- c. Record and post cash receipts and cash payments in the:
- Cash book
 - Petty cash book
- d. Calculate
- Cash discount
 - Trade discount
- e. Record Cash receipts and payment through bank
- Two column cash books
 - Three column cash books

7.9 Bank Reconciliations

Learners will be able to:

- a. Define and explain bank reconciliation
- b. State and explain causes of disagreement between bank statement and cash book balances.
- c. List items commonly appearing in the bank statements and not in cash book.
- d. Prepare an updated/ adjusted cash book.
- e. Prepare statement of bank reconciliation.
- f. State the importance of preparing periodic bank reconciliation statements

7.10 Preparation of Trial Balance

Learners will be able to:

- a. Define and explain the trial balance
- b. Calculate account balances for different individual accounts in the ledger.
- c. Identify debit and credit balances
- d. Extract a trial balance at a particular date from a given set of individual accounts in the ledger.

7.11 Preparation of Financial Statements

Learners will be able to:

- a. Define financial statements.
- b. State objectives and qualities of good financial statements.
- c. State and explain elements of financial statements as per the framework for preparation and presentation of financial statements.
- d. Mention and explain the set of financial statements as per IAS 1.
- e. Prepare statement of income as per guidance of IAS 1.
- f. Prepare statement of financial position as per guidance of IAS.

8.0 LEARNING CONTEXT:

- a. Lecturing
- b. Classroom discussions
- c. Group works
- d. Case studies
- e. Individual assignments
- f. Surfing/browsing (Web based materials)

1.0	SUBJECT CODE AND NAME:	T02: ELEMENTS OF BUSINESS MATHEMATICS AND STATISTICS
2.0	LEVEL:	ACCOUNTING TECHNICIAN LEVEL I
3.0	PREREQUISITE SUBJECT:	NONE
4.0	CONTACT HOURS:	120

5.0 SUBJECT DESCRIPTION

The subject introduces candidates to the basic mathematics and statistics tools. The aim of the subject is to give the candidates the basic mathematical and statistical knowledge and skills as a tool of learning and understanding related subjects at higher levels.

6.0 PRINCIPAL LEARNING OUTCOME

Build basic skills in the collection, processing, presentation and interpretation of simple numerical and statistical data and apply them in accounting and business situations.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 Basic Arithmetic

7.1.1 Number Systems and Types of numbers (odd, even, prime, natural (counting), integers, real numbers, decimals, accuracy and Approximation

Learners will be able to:

- a. Identify all types of numbers
- b. Apply the number system in accounting and business situations
- c. Explain the accuracy and approximation of numbers

7.1.2 Basic Arithmetic Operations

Learners will be able to:

- a. Apply the basic arithmetic operations in accounting and business transactions.

7.2 Elementary Mathematics

7.2.1 Fractions

Learners will be able to:

- a. Identify different type of fractions
- b. Apply the concept of fractions in accounting and business situations.

7.2.2 Elementary Algebra

Learners will be able to:

- a. Explain the meaning of an algebraic expression
- b. Simplify an algebraic expression
- c. Express a relationship of values or variables in form of an algebraic expression

7.2.3 Roots, Powers and Indices

Learners will be able to:

- a. Apply roots, powers and indices in number system

7.2.4 Ratios and Proportions

Learners will be able to:

- a. Distinguish between ratios and proportions
- b. Divide any given value in form of given ratios
- c. Apply ratios and proportions in accounting and business situations

7.2.5 Logarithms

Learners will be able to:

- a. Define logarithms
- b. Identify different types of logarithms
- c. Use logarithms in simplifying mathematical expressions

7.2.6 Percentages

Learners will be able to:

- a. Explain the meaning of percentages
- b. Expose any value in percentage
- c. Convert percentage to fractions and vice versa
- d. Apply percentages in accounting and business situations

7.2.7 Metrics of Weights and Measurements

Learners will be able to:

- a. Identify different types of weights and measures
- b. Convert any type of weights and measures to a different type
- c. Express one type of weights, and measures in different units
- d. Apply weights and measures concept in accounting and business situations

7.2.8 Measurement of Areas of Squares, Rectangles and Circles

Learners will be able to:

- a. Determine the areas and perimeters of squares, rectangles and circles
- b. Describe the relationship between areas and perimeters/circumferences
- c. Apply the concept of measurements of areas in business and accounting situation

7.2.9 Currency Conversion

Learners will be able to:

- a. Identify different types of currencies
- b. Describe the concept of exchange rates
- c. Convert one type of currency to another using given exchange rates
- d. Apply the concept of foreign currency conversion in accounting and business situation

7.2.10 Arithmetic and Geometric Progression

Learners will be able to:

- a. Explain the meaning of a progression and series
- b. Distinguish between the Arithmetic and Geometric progression
- c. Determine any term in an arithmetic or geometric progression
- d. Determine the sum of any number of terms in an arithmetic or geometric progression

- e. Apply the concept of progression and series in accounting and business situation.

7.3 Equations and Inequalities

- 7.3.1 Simple Coordinates, Graphs, Simple Linear Equations; Quadratic Equation, Simple Simultaneous equation (two variables) Graphs for simple equations and introduction to inequalities

Learners will be able to:

- a. Construct a graph for an equation
- b. Identify a linear equation and quadratic equation
- c. Formulate a linear equation
- d. Solve a linear equation and quadratic equation
- e. Identify simultaneous equation
- f. Solve simultaneous equation
- g. Identify an inequality
- h. Solve an inequality
- i. Apply the concept of equation and inequality in accounting and business situations

7.4 Mathematics of Finance

Simple and Compound Interest, Discounting and Time Value of Money, Annuity and Sinking Fund, Present Value of Annuity and Amortization, Depreciation.

- 7.4.1 Simple and Compound Interest

Learners will be able to:

- a. Calculate simple and compound interest
- b. Apply simple and compound interest in accounting and business situations

- 7.4.2 Discounting and Time Value of Money

Learners will be able to:

- a. Explain the concept of discounting and time value of money
- b. Determine the value of money at any given time using a given discount rate/compounding rate.

- c. Apply the concept of discounting and time value of money in accounting at business situations

7.4.3 Annuity, Sinking Fund, Present Values of Annuity and Amortization

Learners will be able to:

- a. Calculate amount of Annuity and determine Sinking Fund
- b. Use Financial tables for Annuity to determine amount of annuity
- c. Calculate Present Value of Annuity, Amortize any given Present Value of Annuity
- d. Use Financial tables of amortization to any Present Value of Annuity
- e. Use financial tables of Amortization to amortize any given Present Value of Annuity
- f. Apply Annuity, Sinking Fund, Present Value of Annuity and amortization in accounting and business situations

7.5 Matrices

7.5.1 Introduction to Matrices, Matrix operations for 2 x 2 matrices addition, subtractions and multiplication, transpose a 2 x 2, symmetric of a 2 x 2 matrix, Cramer's Rule method to solve a 2 x 2 matrix to solve simple simultaneous equation, Inverse matrix

Learners will be able to:

- a. Explain what a matrix and element is
- b. Add or subtract matrices
- c. Multiply matrices
- d. Identify different types of matrices
- e. Transpose a metric
- f. Determine the determinants of a square matrix
- g. Determine the inverse of a matrix
- h. Apply Cramer's rule methods to solve simultaneous equation of 2 x 2
- i. Apply the concept of matrix in accounting and business situation

7.6 Introduction to Statistics and Data Collection

7.6.1 Sampling, population, sample and data. Types of data, primary and secondary data, sources of data, methods of data collection, advantages and disadvantages of methods of data collection

Learners will be able to:

- a. Define 'Statistics' and state its uses in business
- b. Define sample and population
- c. Describe the two types of data i.e. primary and secondary data
- d. Mention the sources of data
- e. Describe the methods of collection of data and explain their advantages and disadvantages
- f. Apply the methods of collection of data in accounting and business situations.

7.6.2 Sampling Methods

Learners will be able to:

- a. Explain 'sampling'
- b. Describe the methods of sampling
- c. Apply several probabilistic and non-probabilistic methods of sampling in accounting and business situation

7.7 Statistical Data Analysis and Interpretation

7.7.1 Raw data, Arrays, Presentation of data in tabular form, compilation of frequency distribution, cumulative frequency distribution, simple charts, and graphs, histogram, polygon, pie chart, ogives and bar charts.

Learners will be able to:

- a. Analyse raw data into arrays and tables
- b. Construct an array frequency distribution graphs and table for any given data
- c. Draw a histogram frequency polygon and interpret them
- d. Draw all types of Bar diagram, Pie chart
- e. Compile a cumulative frequency distribution
- f. Draw an ogive

- g. Interpret all the forms of analysed data
- h. Apply these methods of presentation of data in accounting and business situation

7.8 Measures of Central Tendency

7.8.1 Mean, Median, Mode, Advantages and Disadvantages, Skewness, Geometric mean, Harmonic mean and weighted average

Learners will able to:

- a. Define all measures of central tendency and their uses in business situations
- b. Calculate and interpret all measures of central tendency for a set of values, ungrouped and grouped frequency distribution
- c. Apply the measures of central tendency in accounting and business situations

7.9 Measures of Dispersion

7.9.1 Range, Interquartile Range, (Quartile Deviation), Mean Deviation, Standard deviation, variance, coefficient of variation, application of measure of dispersion in business

Learners will be able to:

- a. Define dispersion
- b. Define range, quartile deviation, mean deviation, standard deviation, variance and coefficient of variation
- c. Calculate and interpret all these measures of dispersion for a set of values un-grouped and grouped frequency distribution
- d. Apply the measures of dispersion in accounting and Business situation

7.10 Simple Index Numbers

7.10.1 Simple Index Number, Price relative, simple aggregate Index, Simple Average Index Laspeyre, Paasche and Fisher's Ideal Index

Learners will be able to:

- a. Explain index number
- b. Calculate price relatives, simple aggregate index and simple average index
- c. Calculate Laspeyre's, Paasche's and Fisher's Ideal Index
- d. Interpret price relative, simple aggregate and simple average index
- e. Apply concept of simple index number in accounting and business situations

7.11 Theory of Sets

7.11.1 Sets and Basic Operations on sets, Set Notations, Venn Diagram, Sets Operations (Unions, Intersection, Subsets, Joint Sets, Disjoint Sets)

Learners will be able to:

- a. Apply Basic Concepts and Operations on sets, set notations
- b. Apply set notations on various cases
- c. Explain Unions, intersection, subsets, joint sets, disjoint sets
- d. Use and interpret Venn Diagrams
- e. Demonstrate the use of set operations in accounting and business situations

7.12 Basic Probability Theory

7.12.1 Trials, outcomes, and events, mutually exclusive and independent events

Learners will be able to:

- a. Define trials, outcomes, events, mutually exclusive events and
- b. independent events

7.12.2 Simple probability, conditional probability, probability tree diagram

Learners will be able to:

- a. Define probability
- b. Explain conditional probability
- c. Define a free diagram

- d. Apply the tree diagram in probability
- e. Calculate probability of simple events
- f. Apply the basic probability theory in accounting and business situations.

7.13 Permutation and Combination

7.13.1 Definition of Permutation, combination, simple cases of permutation and combination and simple Binomial Expansion

Learners will be able to:

- a. Define permutation and combination
- b. Expand a binomial expansion
- c. Apply permutation and combination in simple cases
- d. Apply permutation and combination in accounting and business situation

8.0 LEARNING CONTEXT

- a. Lectures
- b. Tutorials
- c. Classroom discussion
- d. Group work
- e. Assignments

1.0 SUBJECT CODE AND NAME: T03: INTRODUCTION TO INFORMATION COMMUNICATION TECHNOLOGY

2.0 LEVEL: TECHNICIAN LEVEL I

3.0 PRE-REQUISITE SUBJECT: NONE

4.0 CONTACT HOURS: 120

5.0 SUBJECT DESCRIPTION

This subject introduces students to the fundamental concepts in information technology that provide the technical foundation for computer applications. A range of information technology concepts are presented. Popular basic computer applications, including word processing, electronic spreadsheets and databases are used to supplement the IT concepts introduced in the course.

6.0 PRINCIPAL LEARNING OUTCOME

Apply knowledge and skills in Information technology to solve problems in the business environment.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 Introduction to Information and Communication Technology

7.1.1 Historical Development of Information and Communication Technology

Learners will be able to:

- a. Trace the development of information technology and its impact on accounting profession.
- b. Explain changes that have occurred as a result of ICT.
- c. Correlate development of ICT and other areas of economic development.

7.1.2 Broad Understanding of ICTs

Learners will be able to:

- a. Define various common terms used in information and communication technology.
- b. Relate those definitions to the accounting profession.

7.1.3 Advantages and Disadvantages of Using ICT

Learners will be able to:

- a. Explain advantages of using ICT.
- b. Explain disadvantages of using ICT.
- c. Explain specific challenges facing developing countries like Tanzania in relation to ICT.

7.1.4 Strategic Relevance of ICT

Learners will be able to:

- a. Explain how ICT improves effectiveness.
- b. Explain how ICT improves efficiency.
- c. Explain how ICT improves life standards.

7.1.5 Types of Computers

Learners will be able to:

- a. Explain various computer types based on size.
- b. Explain various computer types based on technology (analogue and digital).
- c. Explain various computer types based on processor types.

7.2 Computer System

7.2.1 Hardware Components

Learners will be able to:

- a. Identify various hardware components of a computer systems (Input, Output, Processing, Storage, communicating).
- b. Evaluate various input, output, storage and processing methodologies.
- c. Compare various inputs, processing, output and communicating strategies.

- d. Identify technical, organizational and management factors that are used in selecting input, processing, output and communicating devices.

7.2.2 Computer Software

Learners will be able to:

- a. Define the term software.
- b. Identify various types of software based on type of problem that the software addresses.
- c. Define the term systems software.
- d. Explain various types of systems software (operating systems, utility software, device drivers, and programming languages).
- e. Define the term application software.
- f. Explain various types of application software (general purpose and specific purpose).

7.3 Data Communication Systems

7.3.1 Introduction to Data Communication Systems

Learners will be able to:

- a. Define the concept of data communication systems.
- b. Identify the differences between data communication and computer networks.
- c. State advantages and disadvantages of data communication systems.
- d. Explain various data communications systems.
- e. Compare capabilities of each type of systems.
- f. Identify the components of data communication systems.

7.4 Business Use of Internet, Intranet and Extranet

7.4.1 Internet

Learners will be able to:

- a. Define the term internet.
- b. Explain various tools available in internet (www, email, blogs, social networks and any other tool).
- c. Explain the usage of each of the available tools in internet.
- d. Search information on the internet.
- e. Evaluate information available in the internet.

7.4.2 Intranet

Learners will be able to:

- a. Define the term intranet.
- b. Explain various key players in the intranet use.
- c. Explain various tools facilitating intranet (networks, portal, firewalls, email, and any other tool.)
- d. Explain the advantages and disadvantages of intranet
- e. Explain the possible risks that intranet users may face

7.4.3 Extranet

Learners will be able to:

- a. Define the term extranet.
- b. Explain various key players in the use of extranet.
- c. Explain the advantages and disadvantages of extranet
- d. Explain the possible risks that extranet users may face

7.4.4 E-Business and E-commerce

Learners will be able to:

- a. Define the term e-Business and e-commerce
- b. Trace developments of e-Business and e-commerce.
- c. Explain how E-Business differs from e-commerce.
- d. Explain infrastructure for e-Business and e-commerce.
- e. Explain advantages of e-Business and e-commerce to firms.
- f. Explain challenges of both e-Business and e-commerce.

7.5 Commonly Used Application Software

7.5.1 Word Processing

Learners will be able to:

- a. Define the term word processing.
- b. List and explain various examples of word processors.

- c. Use various tools in word processing (text management, paragraph management, page management, language management, letter writing tools, and any other tool).

7.5.2 Electronic Spreadsheets

Learners will be able to:

- a. Define the term electronic spreadsheets.
- b. List and explain various examples of electronic spreadsheets.
- c. Use various tools in electronic spreadsheets (statistical, arithmetical, financial, text, database management, lookup and reference, information, etc.).
- d. Use advanced tools in electronicspreadsheets (pivot tables and solver).

7.5.3 Database management systems

Learners will be able to:

- a. Define the term database management systems.
- b. List and explain various examples of database management systems.
- c. Use various tools in database management systems.

7.5.4 Integrated accounting systems

Learners will be able to:

- a. Define the term integrated accounting systems.
- b. List and explain various examples of integrated accounting systems.
- c. Use various tools in integrated accounting systems (e.g. Tally, Quick Books, Sage and MYOB).

8.0 LEARNING CONTEXT:

- a. Lecturing
- b. Classroom discussions
- c. Group works
- d. Case studies
- e. Individual assignments
- f. Surfing/browsing (Web based materials)

1.0 SUBJECT CODE AND NAME: T04: BUSINESS COMMUNICATION SKILLS

2.0 LEVEL: ACCOUNTING TECHNICIAN I

3.0 PRE-REQUISITE SUBJECT: NONE

4.0 CONTACT HOURS: 120

5.0 SUBJECT DESCRIPTION

This subject focuses on effective application of communication skills and techniques in the business context.

6.0 PRINCIPAL LEARNING OUTCOME

On completion of the course, the trainees should have mastered in basic communication skills and be able to use them for communicating effectively in business environment.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 General Introduction to Communication Skills

Learners will be able to:

- a. Describe the concept of “Communication “and “Communication Skills”
- b. Identify basic elements of communication
- c. Explain types and importance of communication
- d. Describe barriers to effective communication
- e. Describe principles of effective communication
- f. Explain the relevance of emotional Intelligence in communication
- g. Explain the relevance of tact and diplomacy in communication

7.2 Demonstrate a Mastery Use of the English Language

Learners will be able to:

- a. Explain and use parts of speech correctly.
- b. Describe construction of correct sentences.
- c. Explain effective use of punctuations

- d. Explain how correct use of tenses.
- e. Describe effective development of paragraphs.
- f. Identify common sentence errors.
- g. Explain differences between oral and written communication.
- h. Explain non-verbal communication.

7.3 Listening Skills

Learners will be able to:

- a. Differentiate between hearing and listening.
- b. Identify barriers to effective listening.
- c. Describe essential listening skills
- d. Differentiate a good listener from a poor listener.

7.4 Writing Skills in Business Correspondences

Learners will be able to:

- a. Describe how to write suitable business correspondences (letters, memos, emails and reports).
- b. Describe how to write persuasive requests, proposals and sales letters correctly.
- c. Describe the appropriate techniques in note taking (from lectures, speeches, books, newspapers, the internet, meetings, etc.).
- d. Explain how to write summaries correctly.
- e. Identify and write different types of essays.

7.5 Visual and Oral Communication Skills

7.5.1 Visual presentation

Learners will be able to:

- a. Choose and use appropriate visual presentation tools such as flip charts, PowerPoint.
- b. Use appropriate visual presentation methods such as bar charts, pie charts, maps.

7.5.2 Oral presentation

Learners will be able to:

- a. Identify types of business presentations.
- b. Prepare presentation.
- c. Deliver the presentation following appropriate steps.

7.6 Reading Skills

Learners will be able to:

- a. Describe different reading strategies.
- b. Identify features of an effective reader.
- c. Describe how to scan and skim a text (highreading speed, intensive reading).
- d. Identify factors which can affect reading speed.

7.7 Speaking Skills

Learners will be able to:

- a. Express oneself effectively.
- b. Prepare speeches.
- c. Explain how speeches can be deliveredeffectively.

8.0 Delivery Methods: Input lecture session (Learners listeningand taking notes supported by outline handouts.

- a. Interactive clarifications and further explanations (speakingand listening).
- b. Practical work in groups (reading, discussing and writing).
- c. Group presentation (oral skills).
- d. Role-playing (drama).
- e. Excursion/study tour and writing reports.
- f. Assessment and evaluation (regular exercises/assignment and prompt feedback.

9.0 LEARNING CONTEXT:

- a. Lecturing
- b. Classroom discussions
- c. Group works
- d. Case studies
- e. Individual assignments
- f. Surfing/browsing (Web based materials)

ACCOUNTING TECHNICIAN LEVEL II

<i>Code</i>	<i>Subject Name</i>
<i>T05</i>	<i>Principles of Accounting and Auditing</i>
<i>T06</i>	<i>Principles of Cost Accounting</i>
<i>T07</i>	<i>Elements of Commercial Knowledge and Taxation</i>
<i>T08</i>	<i>Accounting for Public Sector and Cooperatives</i>

1.0	SUBJECT CODE AND NAME:	T05: PRINCIPLES OF ACCOUNTING AND AUDITING
2.0	LEVEL:	TECHNICIAN LEVEL II
3.0	PRE-REQUISITE SUBJECT:	T01
4.0	CONTACT HOURS:	120

5.0 SUBJECT DESCRIPTION

This is a follow-up subject to the Bookkeeping and Accounts subject learned earlier that also includes some elementary auditing principles. The aim of the subject is to build on the basic techniques acquired in T.01 Book-keeping and Accounts and to develop knowledge and skills of additional financial accounting concepts, principles and ethics, as well as to introduce the students to basic knowledge in auditing.

6.0 PRINCIPAL LEARNING OUTCOME

To apply basic concepts and principles of accounting in preparing and interpreting financial statements and reports on a practical context as per IAS 1 and apply audit knowledge in appraising data and assisting audit staff during audit undertakings.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES PART I: PRINCIPLES OF ACCOUNTING: WEIGHTING 80%

7.1 The Regulatory Framework

Learners will be able to:

- a. Explain the role of the regulatory system including the roles of the International Accounting Standards Committee Foundation (IASCF), the International Accounting Standards Board (IASB), the Standards Advisory Council (SAC) and the International Financial Reporting Interpretations Committee (IFRIC).
- b. Explain the role of International Financial Reporting Standards.
- c. Explain the International Accounting Standard's Framework for the Preparation and Presentation of Financial Statements.

7.2 Conceptual Framework for Financial Reporting

Learners will be able to:

- a. Explain the meaning and purpose of the conceptual framework for financial reporting
- b. Explain the objective of general-purpose financial reporting
- c. Identify and explain the fundamental qualitative characteristics of useful financial information
- d. Identify and explain the enhancing qualitative characteristics of useful financial information
- e. Describe recognition and derecognition of elements of financial statements
- f. Identify and apply the various measurements bases for elements of financial statements
- g. Define the reporting entity and determine its appropriate reporting boundaries
- h. Identify and define the elements of financial statements
- i. Explain the concepts of capital and capital maintenance and their effects on profit determination.

7.3.1 Tangible non-current Assets

Learners will be able to:

- a. Define non-current assets.
- b. Describe the difference between current and non-current assets.
- c. Explain the difference between capital and revenue items.
- d. Classify expenditure as capital or revenue expenditure.
- e. Prepare ledger entries to record the acquisition and disposal of non-current assets.
- f. Calculate and record profits or losses on disposal of non-current assets in the statement of income including part exchange transactions.
- g. Record the revaluation of a non-current asset in ledger accounts, the statement of comprehensive income and in the statement of financial position.
- h. Calculate the profit or loss on disposal of a revalued asset

- i. Illustrate how non-current asset balances and movements are disclosed in financial statements.
- j. Explain the purpose and function of an assets register.

7.3.2 Alternative Bases Used in the Preparation of Financial Information

Learners will be able to:

- a. Identify and explain the main characteristics of alternative measurement bases such as historical cost, replacement cost, net realizable value, and economic value.
- b. Explain the provision of International Financial Reporting Standards governing financial statements regarding changes in accounting policies.
- c. Identify the appropriate accounting treatment if a company changes its accounting policy.

7.3.3 Depreciation

Learners will be able to:

- a. State and explain the purpose of depreciation.
- b. Calculate the charge for depreciation using straight line and reducing balance methods.
- c. Identify the circumstances where different methods of depreciation would be appropriate.
- d. Illustrate how depreciation expense and accumulated depreciation are recorded in ledger accounts.
- e. Calculate depreciation on a revalued non-current asset including the transfer of excess depreciation between the revaluation reserve and retained earnings.
- f. Calculate the adjustments to depreciation necessary if changes are made in the estimated useful life and/or residual value of a non-current asset.
- g. Record depreciation in the statement of income and statement of financial position.

7.3 The Adjustments to Preparation of Financial Reports

7.4.1 Accruals and Prepayments

Learners will be able to:

- a. Explain how the matching concept applies to accruals and prepayments.
- b. Identify and calculate the adjustments needed for accruals and prepayments in preparing financial statements.
- c. Illustrate the process of adjusting for accruals and prepayments in preparing financial statements.
- d. Prepare the journal entries and ledger entries for the creation of an accrual or prepayment.
- e. Identify and describe the impact on profit and net assets of accruals and prepayments.

7.4.2 Receivables and Payables

Learners will be able to:

- a. Explain and identify examples of receivables and payables.
- b. Identify the benefits and costs of offering credit facilities to customers.
- c. Explain the purpose of aged receivables analysis.
- d. Explain the purpose of credit limits.
- e. Prepare the accounting entries to write off a bad (irrecoverable) debt.
- f. Record a bad (irrecoverable) debt recovered.
- g. Identify the impact of bad (irrecoverable) debts on the statement of income and on the statement of financial position.
- h. Prepare the accounting entries to create and adjust an allowance for receivables.
- i. Illustrate how to include movements in the allowance for receivables in the statement of income and how the closing balance of the allowance should appear in the statement of financial position.

- j. Account for contras between trade receivables and payables.
- k. Prepare, reconcile and understand the purpose of supplier statements.
- l. Classify items as current or non-current liabilities in the statement of financial position.

7.4 Correction of Errors

Learners will be able to:

- a. Explain the provision of International Financial Reporting Standards governing financial statements regarding material errors which result in prior period adjustment.
- b. Identify different types of errors affecting and not affecting the trial balance
- c. Prepare journal entries to correct errors.
- d. Calculate and understand the impact of errors on the statement of income, statement of comprehensive income and statement of financial position.
- e. Explain the purpose of a suspense account.
- f. Identify errors leading to the creation of a suspense account.
- g. Record entries in a suspense account.
- h. Make journal entries to clear a suspense account.

7.5 Suspense account

Learners will be able to:

- a. Explain the purpose of a suspense account.**
- b. Identify errors leading to the creation of a suspense account.**
- c. Record entries in a suspense account.
- d. Make journal entries to clear a suspense account.
- e. Assess the effect on profit and net assets of adjustments made.

7.6 Control Accounts and Reconciliations

Learners will be able to:

- a. Explain the purpose of control accounts for accounts receivable and accounts payable.
- b. Explain how control accounts relate to the double-entry system.
- c. Prepare ledger control accounts from given information
- d. Perform control account reconciliations for accounts receivable and accounts payable.
- e. Identify errors which would be highlighted by performing control account reconciliation.
- f. Identify and correct errors in control accounts and ledger accounts.

7.7 The trial balance

Learners will be able to:

- Describe a trial balance.
- State the purposes and uses of compiling the trial balance.
- Prepare the list of balances from ledgers at the end of an accounting period.
- Prepare a trial balance.

7.8 Preparation of Financial Statements with adjustments

7.8.1 Statements of profit or loss and other comprehensive income

Learners will be able to:

- a. Explain how accounting concepts apply to revenue and expenses.
- b. Calculate revenue, cost of sales, gross profit, profit for the year, and total comprehensive income from given information.
- c. Prepare statement of profit or loss and other comprehensive income from given information.
- d. Make necessary year-end adjustments to be incorporated in the income statement

- e. Disclose items of income and expenditure in the statement of income.
- f. Identify items requiring separated disclosure on the face of the statement of income.
- g. Describe the usefulness of statement of income and statement of profit or loss and other comprehensive income to users of accounting information.

7.7.2 Statement of Financial Position

Learners will be able to:

- a. Recognize how the accounting equation and business entity convention underlie the statement of financial position.
- b. Understand the nature of reserves.
- c. Identify and report reserves in a company statement of financial position.
- d. Prepare a statement of financial position from given information.
- e. Incorporate year-end adjustments in the statement of financial position
- f. Explain why the heading retained earnings appear in a
- g. Company statement of financial position
- h. Describe the usefulness of statement of financial position to users of accounting information.

7.9 Incomplete Records

Learners will be able to:

- a. Explain and apply techniques used in incomplete record situations:
- b. Use Accounting equation and comparison of networth method to calculate profit or loss
- c. Use ledger accounts to calculate missing figures
- d. Prepare cash and/or bank summaries
- e. Use profit percentages to calculate missing figures.

7.10 Non-Profit-Oriented Organizations

Learners will be able to:

- a. Define and explain Non-profit oriented organization
- b. Prepare and explain the uses of the following statements:
 - Receipts and payments accounts
 - Statement of income and expenditure
 - Statement of financial position

7.11 Preparation of Statement of Cost of Goods Manufactured

Learners will be able to:

- a. Define, explain and calculate: -
 - Direct cost
 - Indirect cost
 - Prime cost
 - Production cost
 - Total cost
 - Inventory (Finished goods and work in progress)
- b. Explain and prepare for a manufacturing entity:
 - Statement of cost of goods manufactured.
 - Statement of income.
 - Statement of Financial Position

7.3.4 Interpretations of financial statements

Learners will be able to:

- a. Explain techniques of analysis and interpretation of financial statements.
 - i. Common-size percentage-based techniques
 - ii. Ratio analysis
 - iii. Comparative analysis of financial statement
- b. State and explain types of categories of accounting ratios.
- c. Explain significance of financial ratios.
- d. Identify limitation of financial ratios.
- e. Explain and calculate financial ratios for a single company financial statements, such as:
 - i. Current ratio
 - ii. Quick/Acid test ratio

- iii. Gross margin ratio
- iv. Net margin
- v. Return on Total Assets
- vi. Total Assets Turnover ratio
- vii. Non-current Assets Turnover ratio
- viii. Debtors' collection period
- ix. Creditors payment period
- x. Inventory/stock turnover
- xi. Debt to equity
- xii. Interest cover
- xiii. Earnings per Share (EPS)
- xiv. Price/Earnings
- xv. Dividend yield.

PART II: OVERVIEW OF AUDITING: WEIGHTING 20%

7.12 : Definitions and Concepts in Auditing

Learners will be able to:

- a. Define auditing
- b. Explain the differences between auditing and accounting
- c. Explain objectives of an audit
- d. State and explain types of audits
- e. Internal vs. External
- f. Statutory vs. Non-statutory
- g. Operational vs. Audit of Financial Statements
- h. Explain professional ethics of an auditor
- i. Described the qualities of an auditor

7.13 Internal Control System

Learners will be able to:

- a. Define internal control system and internal check.
- b. State the objectives of internal control system.
- c. Explain management responsibility to internal control system.
- d. Identify features of effective internal control system.
- e. State inherent limitation of internal control system.

7.14 Audit Planning and Audit Programme

Learners will be able to:

- a. Define audit planning and audit program.
- b. Explain the differences between audit planning and audit program.
- c. Identify the benefits of planning the audit work.
- d. State uses of audit program.
- e. Design an audit work program.

7.15 Recording of Audit Work

Learners will be able to:

- a. Define and explain audit working papers.
- b. Identify forms of audit working papers.
- c. State the objectives of audit working paper.
- d. Explain the content of audit working papers.
- e. Explain the differences between permanent and current audit file.

8.0 LEARNING CONTEXT

- a. Lecturing
- b. Classroom discussions
- c. Tutorials
- d. Group works
- e. Case studies
- f. Individual assignments
- g. Surfing/browsing (Web based materials)

1.0 SUBJECT CODE AND NAME: T06: PRINCIPLES OF COST ACCOUNTING

2.0 LEVEL: TECHNICIAN LEVEL II

3.0 PRE-REQUISITE SUBJECT: NONE

4.0 CONTACT HOURS: 120

5.0 SUBJECT DESCRIPTION

The subject is designed to enhance the knowledge, skills, positive attitude and work values of the candidate to enable him/her to perform tasks of costing to provide management with information needed for planning, control and decision making.

6.0 PRINCIPAL LEARNING OUTCOME

To explain terminologies, and apply methods, techniques and principles of Cost Accounting in providing management with information for decision making, planning and controlling business operations.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 Nature, meaning, importance and scope of cost accounting, cost classification and coding

7.1.1 Nature meaning, importance and scope of cost accounting

Learners will be able to:

- a. Define cost, cost accounting costing, cost unit/object
- b. Explain the framework of Cost Accounting
- c. Describe the nature and objectives of Cost Accounting
- d. Differentiate between:
 - Financial Accounting, Cost Accounting and Management Accounting
 - The relationship between cost accounting and financial accounting

- The role of the Cost Accountant in a modern business environment, including the recognition of possible ethical issues that may arise.
- e. State the functions of a cost accounting system
- f. State the elements involved in decision making, planning and control
- g. Describe different users of cost accounting information
- h. Discuss value of cost information (Financial and non – Financial) in management decision making process
- i. Explain the impact of information technology on the generation, evaluation and promotion of cost information.

7.1.2 Nature, meaning and importance of cost classification and coding

Learners will be able to:

- a. Define cost classification
- b. Define cost coding
- c. State the importance of cost classification
- d. Explain various types of cost codingsystems
- e. State the importance of cost coding

7.1.3 Different ways of classifying costs

Learners will be able to:

- a. Explain the various types of costs
- b. Describe the elements of cost
- c. Classify costs according to cost elements
- d. Classify costs according to their traceability to cost Units (Direct and Indirect)
- e. Classify costs according to the major functions of an Organization (Manufacturing, Administrative)
- f. Classify costs according to their reaction to changing levels of activity (fixed, variables etc.)
- g. Classify costs according to timeframe (historical, current future)
- h. Classify cost into prime cost and overhead

- i. Analyse a semi-variable cost into fixed and variable elements by using the high- low method.

7.2 Accounting for materials, labour and overheads and cost record keeping

7.2.1 Procedures for accumulating material costs

Learners will be able to:

- a. Describe material input to the production process
- b. Apply procedures for purchasing, issuing, pricing documentation to account for material costs
- c. Apply storekeeping procedures of stock acquisition, stores record keeping, stores control, stores issues and stock valuation
- d. Calculate control levels EOQ. Re-order level, minimum and maximum
- e. Calculate closing stock and Average Cost
- f. Distinguish between centralized and decentralized stores
- g. Describe the main features of JIT production and purchasing
- h. State the general role of stock valuation for financial accounting purposes

7.2.2 Procedures for accumulating labour costs

Learners will be able to:

- a. Define labour
- b. Analyse and classify labour costs
- c. Apply recruitment procedure
- d. Compute remuneration by using various remuneration methods:
 - Time work (daily rate) and overtime
 - Payment by results (Piece rate)
 - Group bonus
 - Profit sharing
 - Co-Partnership

- Incentive schemes: straight piece rates, Differential piece rates, Halsey, Halsey-weir, Rowan schemes
- e. Describe the factors for consideration on labour remuneration methods:
 - Efficiency in production
 - Effect on workers
 - Incidence of overhead
 - Labour turnover
- f. Prepare Payroll and account for wages incurred in an organization
- g. Explain the advantages and disadvantages of: -
 - Time rates
 - Piece rates
 - Bonus or premium system
- h. Charge labour costs to production
- i. Analyse Payroll records and statements
- j. Measure Labour Efficiency, Labour Turnover and labour utilization
- k. Measure idle time

7.2.3 Apportionment of manufacturing overheads among all cost centres (Primary Distribution) using suitable bases

Learners will be able to:

- a. Define overhead
- b. Classify overheads into fixed and variable overheads
- c. Allocate overheads using various methods
- d. Define overhead apportionment and cost centres
- e. State bases used to apportion overheads to all cost centres

7.2.4 Apportionment of manufacturing overheads of service cost centres to production cost centres (Secondary Apportionment)

Learners will be able to:

- a. State types of cost centres
- b. Apportion overheads to all cost centres:

- production and service cost centres (Primary Distribution/ Apportionment)
- c. State types of service cost centres (secondary Distribution/Appointment)
 - d. Apportion manufacturing overheads of service cost centers to production cost centers, by using the following methods:
 - The direct (crude) method
 - The step-down/ The specific order of closing
 - The Repeated Distribution/Continuous Allotment (Among all departments)
 - The modified Repeated Distribution method (Starting Distribution among the service cost centers)
 - The Simultaneous Equation/Algebraic or mathematical) method

7.2.5 Absorption of manufacturing overhead to units

Learners will be able to:

- a. Define overhead absorption and Overhead Absorption Rates
- b. Differentiate between pre-determined overhead absorption rates and actual rates
- c. Differentiate between blanket/single plant and multiple/departamental rates
- d. Calculate overhead Absorption Rates by using the following methods
 - Percentage on Direct material cost
 - Percentage on Direct Labour
 - Percentage on Prime cost
 - Direct Material units/Usage
 - Direct Labour Hours
 - Machine Hours/Usage
 - Output/units
- e. State the situations suitable for each of the above methods
- f. State the advantages and disadvantages of each of the above method
- g. Calculate the over or under absorbed overheads

7.2.6 Integrated and interlocking accounting systems

Learners will be able to:

- a. Describe the interlocking cost accounting system
- b. Describe the integrated cost accounting system
- c. Differentiate between interlocking and integrated cost accounting system
- d. Reconcile financial and cost accounting profits

7.3 Cost statements and simple budgets

7.3.1 Cost statements

Learners will be able to:

- a. Define a cost statement
- b. Prepare the cost of goods manufactured statement
- c. Prepare cost of goods sold statement
- d. Prepare an income statement

7.3.2 Simple budgets

Learners will be able to:

- a. Explain the meaning and objectives of a budget and Budgetary control
- b. Describe Budget Procedures, Budget Committee and Budget Manual
- c. Prepare the following budget: Sales, Production, Direct Material usage, Direct Material cost, Direct Materials Purchases, Direct Labour, Overhead and Production cost
- d. Differentiate between functional, master, and capital budgets

7.4 Introduction to Procurement

Learners will be able to:

- a. Explain the role and nature of procurement and supply management in a supply chain context
- b. Describe the procurement process
- c. Explain the obstacles involved in procuring goods, works and services from global markets than procuring locally and identify

- the benefits of using local products rather than products from global markets
- d. Explain the objectives of purchasing,
- e. Explain basic functions to be performed to satisfy purchasing objectives?
- f. Mention aids for identifying sources of supply

8.0 LEARNING CONTEXT

- a. Lecturing
- b. Classroom discussions
- c. Guest speakers
- d. Group work
- e. Case studies
- f. Individual assignments
- g. Surfing/browsing (web bases materials)

1.0 SUBJECT CODE AND NAME: T07: ELEMENTS OF COMMERCIAL KNOWLEDGE AND TAXATION

2.0 LEVEL: TECHNICIAN LEVEL II

3.0 PRE-REQUISITE SUBJECT: NONE

4.0 CONTACT HOURS: 120

5.0 SUBJECT DESCRIPTION

This subject lays a foundation to the learners by providing basic knowledge and skills on issues relating to commerce, commercial laws, office management and practice and various aspects of taxation.

6.0 PRINCIPAL LEARNING OUTCOME

Apply knowledge of commerce, Basic principles of Management, commercial law and taxation in managing business functions.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 PART I: Introduction to Commercial Knowledge (40%)

7.1.1 Introduction to Commerce

Learners will be able to:

- a. Differentiate: business, commerce and industry.
- b. Identify and state the divisions of commerce.
- c. State the role of commerce in production and economy.

7.1.2 Production

Learners will be able to:

- a. Identify production classification (primary, secondary and tertiary production).
- b. State types of occupations in production (Industry, Commerce, and Service oriented production).

- c. Explain factors of production (land, labour, capital, and organization).
- d. Illustrate with a diagram and explain the occupational chart.

7.1.3. Trade

7.1.3.1 Types of Trade

Learners will be able to:

- a. Explain the meaning of Home Trade and International Trade
- b. Distinguish between Home Trade and International Trade

7.1.3.2 Home trade

Learners will be able to:

- a. Explain the meaning of retail, types, importance and problems facing retail business.
- b. Explain the meaning of wholesale trade, importance and functions of wholesalers.
- c. Explain methods of solving problems of retail and wholesale business.

7.1.3.3 International Trade

Learners will be able to:

- a. Distinguish between export trade and import trade.
- b. State the reasons for international trade
- c. Explain the advantages and disadvantages of international trade.
- d. State the problems of international trade.
- e. Identify and describe types and reasons for import controls.
- f. Distinguish between visible and invisible goods.
- g. Explain the meaning and differences between Balance of Trade and Balance of Payments.
- h. Distinguish between favourable and unfavourable balance of trade.
- i. Identify, describe and apply documents used in international trade.

7.1.4 Aids to trade

7.1.4.1 Money and Banking

Learners will be able to:

- a. Explain the evolution of money and functions of money.
- b. Explain the evolution of banking and functions of central and commercial banks.
- c. Identify, state and apply various means of payments.
- d. Identify and state the legal relationship between a banker and a customer and their respective duties.

7.1.4.2 Insurance

Learners will be able to:

- a. Describe the nature and importance of insurance.
- b. Identify and explain principles of insurance.
- c. Identify and state types of insurance (life, fire, motor and marine insurances)
- d. State property insurance and guarantee insurance policies.
- e. State and describe general third-party insurance.
- f. State and describe the average clause.
- g. Explain how to prepare an insurance claim.

7.1.4.3 Warehousing

Learners will be able to:

- a. Define warehousing and identify types of warehouses.
- b. State the importance of warehousing.
- c. Outline the advantages and disadvantages of warehousing.

7.1.4.4 Transport

Learners will be able to:

- a. Define transport and identify various means of transport.
- b. State the importance of transport in commerce.

- c. Describe methods of transport and their advantages and disadvantages.
- d. State factors governing the choice of a method of transport.
- e. Select appropriate method of transport to match a product need.

7.1.4.5 Advertisement

Learners will be able to:

- a. Define advertisement and identify various types of advertisements.
- b. Outline the advantages and disadvantages of advertisement.
- c. Identify and state factors determining the choice of advertising media.
- d. Select appropriate advertising media to match a product or service need.

7.2 PART II Introduction to Commercial Law (15%)

7.2.1 Business Contracts:

7.2.1.1 Law of contract

Learners will be able to:

- a. Explain the nature and essentials of a valid contract.
- b. Describe the terms: offer, acceptance, and consideration, intention to create legal relations, capacity and consent.
- c. State conditions, warranties and exemption clauses.
- d. Describe illegal contracts and contracts in restraint of trade, vitiating factors.

7.2.1.2 Law of Agency

Learners will be able to:

- a. State the meaning and formation of an agency.
- b. Identify various classes of agents.
- c. Describe the authority of agents.
- d. State the rights and duties of principals and agents.
- e. Describe termination of agency.

7.2.1.3 Law of Sales of goods

Learners will be able to:

- a. State and explain the meaning and types of goods.
- b. Describe formation of sale of goods contract.
- c. Identify and describe terms of the contract of sale.
- d. Describe performance, discharge, and remedies for breach of contract.

7.2.2 Law of Business Associations

Learners will be able to:

- a. State and explain the meaning of sole trader, advantages and disadvantages of sole trader.
- b. State and explain the meaning of partnership, partnership act, liability and rewards, number of partners, advantages and disadvantages of partnership.
- c. State and explain meaning and forms of registered companies: limited (limited by shares and limited by guarantee) and unlimited companies, public and private companies.
- d. Describe the formation of companies, including the Memorandum of Association, Articles of Association, Certificate of Incorporation, Shares, Debentures and Winding up.

7.2.3 Law of Negotiable Instruments

Learners will be able to:

- a. Explain the meaning and types of negotiable instruments.
- b. Identify and explain parties to a bill of exchange, promissory note and a cheque.
- c. State meaning and importance of crossing on cheques.
- d. Describe and explain endorsement payment and dishonouring of instruments.

7.2.4 Law of Public Procurement

Learners will be able to:

- a. Identify and state types of procurement.
- b. Identify and describe procurement methods.
- c. Describe the tendering process.
- d. Identify and describe tender documents.

7.3 PART III Introduction to Office Management and Practices (15%)

7.3.1 Office Management and Mechanization

7.3.1.1 Office Management

Learners will be able to:

- a. Define management and explain the principles of management
- b. Define an office, office management, and state the functions of an office
- c. Explain the management functions: planning, organizing, directing, motivating, coordinating and controlling.
- d. Identify and state the qualifications of a good office manager.
- e. Explain the factors to consider in selecting office location.

7.3.1.2 Office mechanization

Learners will be able to:

- a. State and explain the meaning of office mechanization.
- b. Identify various types of office machines.
- c. Outline advantages and disadvantages of office mechanization.
- d. State the factors to consider when selecting office machines.

7.3.2 Office records management

Learners will be able to:

- a. Identify types of filing systems: manual vs. electronic filing system.

- b. State and explain methods of classifying and storing information: alphabetical, numerical, alphanumerical, subject and geographical filing
- c. Explain the characteristics of good filing system.

7.4 PART IV - Introduction to Taxation (30%)

7.4.1 Taxation Theory

Learners will be able to:

- a. Identify Sources of Government Revenue
- b. Explain the nature, objectives and rationale of taxation
- c. Explain the Canons of Taxation
- d. Classify taxes direct/indirect taxes, proportional, progressive, regressive taxes)

7.4.2 Tax Administration

Learners will be able to:

- a. Explain the Role and functions of TRA
- b. Identify the Tax Laws administered by the Tanzania Revenue Authority
- c. Describe Legal powers of the Tanzania Revenue Authority
- d. Define core tax administration concepts (Tax Returns, Tax Assessment, Tax Audit, Tax Investigation)
- e. Differentiate between tax evasion and tax avoidance

7.4.3 Introduction to Income Tax Principles

Learners will be able to:

- a. State the nature and imposition of Income Tax in Tanzania
- b. Identify the categories of income liable to tax
- c. Describe the concept of total income
- d. Identify types of assessment under the Income Tax Act 2004
- e. Describe Tax Returns for income tax (their contents, frequency and due date)

- f. Identify the forms of payment of income tax (withholding, instalments)
- g. Identify taxes subject to withholding
- h. Perform basic income tax computations (identify applicable tax rates and calculate total income, business income, employment income and withholding taxes)

7.4.4 Introduction to Indirect Taxes:

Learners will be able to:

- a. Identify the type of indirect taxes administered in Tanzania (Local Value Added Tax and Excise Taxes; and Import duty and excise duty, VAT on imports)
- b. Explain the nature of Value Added Tax (VAT) [Nature of VAT, Taxable Persons, Taxable supplies, The concepts of exemption and zero-rating]
- c. Describe Tax Returns for VAT (their contents, frequency and due date)
- d. Explain the nature of Excise Taxes on domestic goods (type of goods taxed, advalorem vs. specific taxes)
- e. Perform Basic VAT Computations (Output VAT, Input VAT and VAT payable) Calculate Import duty, excise duty and VAT on imports

8.0 LEARNING CONTEXT:

- a. Lectures
- b. Tutorials
- c. Classroom discussions
- d. Group works
- e. Individual assignments
- f. Role play

1.0 SUBJECT CODE AND NAME: T08: ACCOUNTING FOR PUBLIC SECTOR AND COOPERATIVES

2.0 LEVEL: ACCOUNTING TECHNICIAN LEVEL II

3.0 PREREQUISITE SUBJECT: NONE

4.0 CONTACT HOURS: 120

5.0 SUBJECT DESCRIPTION

This subject imparts to learners the knowledge and skills on accounting treatment of various transactions on understanding of the systems, procedures of public sector, cooperative accounting and for the preparation of various accountability reports thereof.

6.0 PRINCIPLE LEARNING OUTCOME

Apply public sector and cooperative accounting knowledge and skill to manage Government and Cooperatives funds economically, efficiently and effectively in accordance with the Constitution, laws, rules and regulations in one or more specialised fields.

7.0 INDICATIVE CONTENT AND SUPPORTING LEARNING OUTCOMES

7.1 PART I: Accounting for Public Sector. Weighting (70%)

7.1.1 Introduction to Public Sector Accounting

Learners will be able to:

- a. Explain the meaning and identify organisations which constitute public sector.
- b. Explain the role of government entities.
- c. Explain the nature, scope and objectives of public sector accounting.
- d. Explain the theoretical and practical arguments in favour of having public sector accounting.
- e. Explain the distinguishing features of public sector accounting.
- f. Compare between public sector accounting and commercial accounting.
- g. Define accounting concepts and methods employed in public sector accounting.

- h. Explain the concept of public sector financial reporting.
- i. Identify users of public sector accounting information and their needs.
- j. State how you would differentiate their needs from those under private sector
- k. Describe the nature, scope and sources of finance for quasi- governmental bodies.

7.1.2 The Legal Framework Governing the Financial Accounting Reporting in the Public Sector

Learners will be able to:

- a. Explain the nature and scope of public sector financial discipline.
- b. Identify the legal framework governing the financial accounting and reporting.
- c. Describe the main legislative requirements and standards governing the form and contents of public sector accounting.
- d. Identify the central and local Government financial management hierarchy components.
- e. State the roles and responsibilities of central and local Government officers as shown in government financial management hierarchy components.

7.1.3 Bases of Public Sector Accounting and Reporting

Learners will be able to:

- a. Identify basis of accounting in public sector entities.
- b. Explain cash basis of accounting – Cash basis IPSAS.
- c. Explain accrual basis of accounting – Accrual basis IPSASs.
- d. Explain accounting models and accounting standards.
- e. Explain the commitment accounting concept.
- f. Explain the importance and applicability of commitment accounting in public sector.
