The world is moving so fast in the area of Information and Communication Technology (ICT). For the Board to continue operate remarkably it had to adopt technological changes that are taking place all over the world. In view of that, the Board developed a Member and Examination Management System (MEMS) for her Members, Candidates, Tuition Provider(s) and other stakeholders. The presence of this online system gives Board’s stakeholders opportunity to register, apply, check status, process payment and access result(s) online. The effective use of this online system will increase performance, efficiency and integrity to Public, Private and General Public as a whole.

This user guideline gives system user easy way on how to interact with system wherever you are. In case you face any difficult on interaction with MEMS, please do not hesitate to contact NBAA through landline no. +255 022 2211890 – 9 for help.
